GOVERNMENT OF THE SVERDLOVSK REGION

OPERATED BY

FORMIKA EVENT

2026 RECAP

MAIN INDUSTRIAL TRADE FAIR IN RUSSIA

50,000 m²
Exhibition space

11,000+
Organizations

850+
Exhibitors
and Co-exhibitors

50,000+
Visitors

34,000+
Press mentions

100+
Business Program events

350+
Speakers and experts, including government officials and executives of leading global and Russian companies

KEY SECTIONS

INNOPROM

- Machine Building and Component Manufacturing
- Manufacturing Technologies
- Digital Technologies
- Metropolitan Solutions
- National and Regional Collective Expositions
- Chemistry, Metallurgy and New Materials
- Industrial Automation
- Services for Industry

WHY PARTICIPATE

INNOPROM

Tangible Results
Find new leads, boost sales,
connect with new clients, partners,
and investors

Direct Communication
Meet executives and professionals
from trade and industry
in Russia and around the world

STARTUPS ON INNOPROM

STARTUP TOUR
One of the largest projects in Russia and the CIS for discovering promising innovative solutions and supporting early-stage startup teams.

The event featured pitch sessions, discussions, and workshops with entrepreneurs, investors, and technology experts.

26 Russian startups showcased projects in digital technologies, robotics, additive manufacturing, and other fields.

Platform for University Technological Entrepreneurship
A national platform supporting the development of university-based technological entrepreneurship and helping students and young researchers turn innovative ideas into technology-driven businesses.

INNOPROM ART

A new format at the intersection of technology and art.

Art project exploring how technological change transforms not only industries and business, but also the world around us.

Bringing together business leaders, technology experts, and cultural institutions to explore entrepreneurship, international cooperation, and the future of industry through the lens of contemporary art.

The pilot project featured ‘The Pack’ — a performance exploring human-centered technology and the idea that people remain at the heart of technological change.

SOCIAL AND CULTURAL PROGRAM
