YOUR GLOBAL PARTNER TO WRAP THE WORLD

Global partnerships require professionalism, innovations and a firm commitment to customer satisfaction. Our team is fully dedicated to provide innovative solutions to your packaging needs. Argha is your global partner to wrap the world.

URSA

ARGHA AT A GLANCE

Established in 1980, Argha's main production facility in Citeureup, West Java, Indonesia is supported by its affiliate Stenta Films (M) Sdn. Bhd in Malaysia.

In term of production capacity, Argha currently has a total yearly production of 131,000 tons.

Argha produces two types of flexible packaging film, namely ARLENE (BOPP Film) and ARETA (BOPET Film).

ARLENE and ARETA are recognized within the flexible packaging industry, for variety of applications such as food and cigarette packaging, label, digital printing, barrier film, paper lamination, and many others.

Argha has been certified with ISO 9001:2008, ISO 22000:2005, URSA, compliance to USFDA, European Economic Community, Japanese Food Sanitation Laws and also a member of Sedex.

- Areta product range:
- Plain
 - Metallized
 - Coated

Arlene is Biaxially Oriented Polypropylene (BOPP) film.

- Arlene product range:
- Plain
 - Heat Sealable
 - Cigarette
 - Pearlescent & White
 - Metallized
 - Matte
 - Acrylic Coated

APPLICATIONS

CONSUMER GOODS

Our films are engineered as solution for the packaging needs on protection, sensory, machinability and profitability for any Fast Moving Consumer Goods (FMCG).

LABEL

We have wide range of label films which continue to gain market acceptance of wrap around, pressure sensitive adhesive, cut and stack, in mold labels. The film offers exceptional surface finishes for more dynamic graphic appeal, better durability, no curl effect and achieves critical cost savings.

CIGARETTE

Intense product development, market orientation, and close cooperation with our customers & partners lead to a first class quality cigarette film. We make sure to deliver a suitable top performance film by understanding the industry's needs to succeed by quality, service and competitiveness.

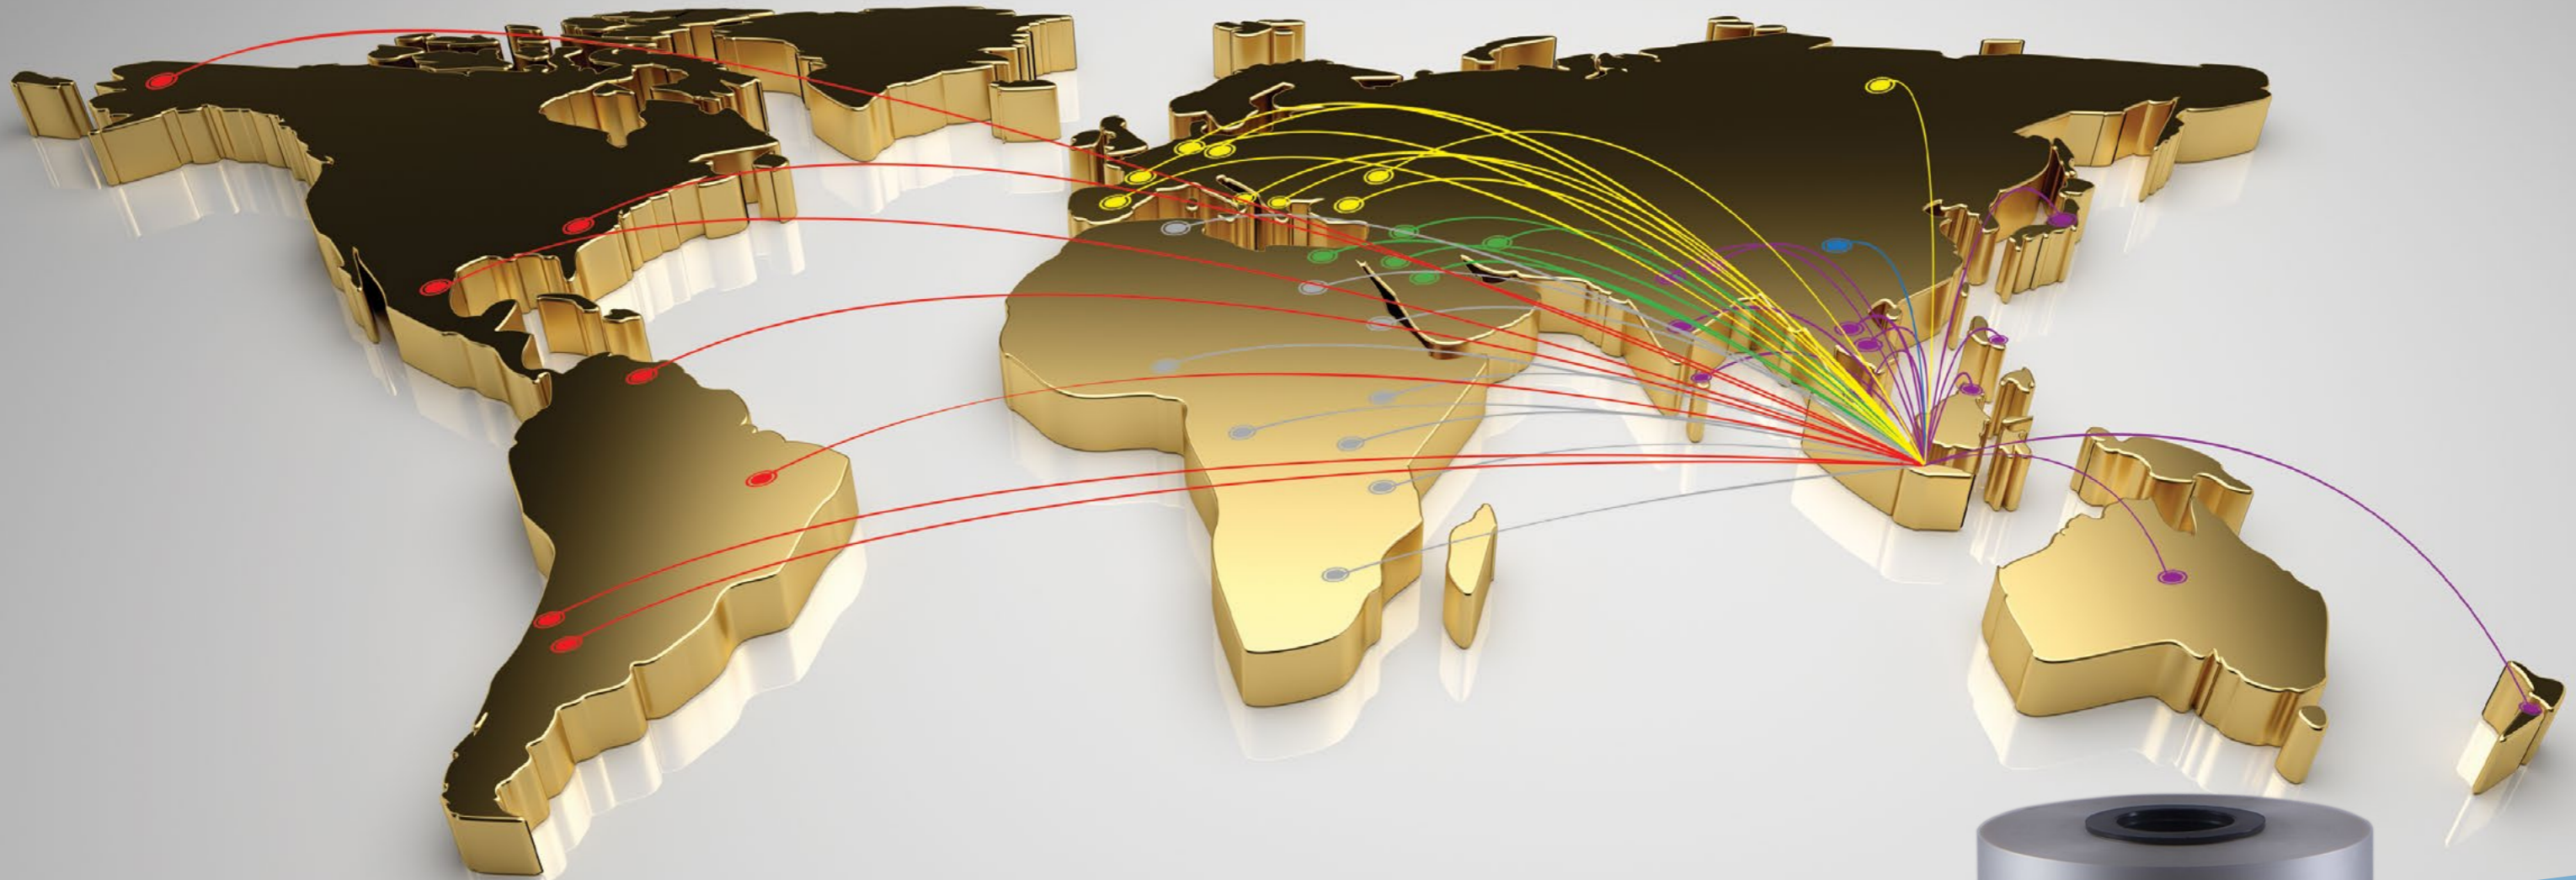

PAPER LAMINATION

Film laminated paper market consumes a quite substantial variety of our film, and the majority of it is used by printing and publishing companies to provide the highest level of protection and appearance.

OUR GLOBAL REACH

“WITH OUR GLOBAL MARKET DOMINATION,
WE ARE A PROVEN GLOBAL CHALLENGER IN THE INDUSTRY.”

- ASIA OCEANIA (NON-CHINA)
- AFRICA
- AMERICA & CANADA
- CHINA
- MIDDLE EAST
- EUROPE

A CHALLENGING WORLD IS A WORLD OF OPPORTUNITY

Our strong local and international presence, competitive position, healthy market share provide a solid foundation to overcome challenges through innovations, commitments and diligence.

FUTURE GOAL

With our quality resources,
we determine to continually develop our capability

To Be A Benchmark In The Industry.

**“OUR QUALITY IS NOT AN ACT,
IT IS OUR CULTURE”**

Compliance to:

Food and Drug Administration

European Economic Community

Japanese Food and Sanitation Law

SERVE BETTER. INNOVATE BETTER. ACHIEVE GREATER.
